

F. Caixeiro is dedicated to the design, development, manufacture, and repair of **industrial machines and accessories**. Through the implementation of its Quality Management System in accordance with the **NP EN ISO 9001** standard, the company is committed to meeting all customer requirements, as well as legal, regulatory, and other company-specific obligations.

The company has been operating in the market for over 25 years, valuing **partnerships with customers and suppliers** in product development and realization, as well as after-sales support, with the ultimate goal of **ensuring customer satisfaction**.

Management fosters a **team spirit** among all employees, promoting teamwork and investing in the **training and information** of all staff, enhancing their skills and competencies.

The company's main mission is to **provide high-quality, tailor-made solutions** to our clients, creating added value in their manufacturing processes and enhancing their competitiveness. Similarly, the company's position regarding supplied products is to **ensure lifelong availability of replacement parts**. To achieve this, the company is committed to a **continuous improvement system**.
